

High resolution satellite photos included in the Mega Wide Raster Chart for the U.S

High resolution satellite photos are only available for US coastal waters, and do not cover inland rivers or waterways.

Great Lakes Region: Satellite photos are available for the US part of the Great Lakes. There are no satellite photos available for the Canadian side.

The parts of the coast that are highlighted in green represent the high resolution satellite photo coverage for each region of the US:

West Coast

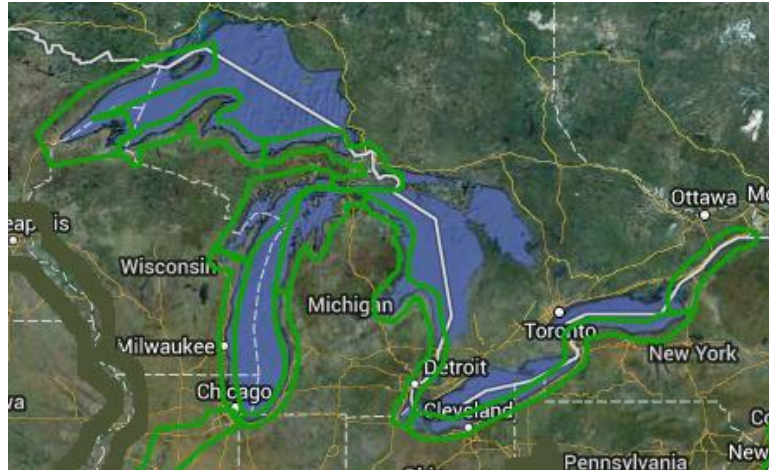

East Coast

Gulf of Mexico

Great Lakes

Alaska (limited high resolution satellite photo coverage available)

Puerto Rico & US Virgin Islands

Hawaii: Honolulu

Note: There are no high resolution satellite photos available for restricted areas such as military zones.
